

ADVENTISTGIVING

ADVENTISTGIVING provides a way for individuals to return tithe and offerings to their local church from any computer or mobile device. The ADVENTISTGIVING app is available in the Apple or Google Play app stores. (Apple, Google Play)

Member/Guest Accounts

Individuals can create member accounts where donation history will be stored to be viewed at any time. If preferred you may give as a guest, which will require your name and address in order to receive a tax receipt from your church, but you will not need to log into an account.

Recurring Giving

Individuals may set up recurring donations in a member account. Donations may be set up as weekly, biweekly, monthly, yearly, etc.

No Cost to Church or Member

Your church and your members will pay no fees for using ADVENTISTGIVING. Because of this, it's worth enrolling even if only one member in your church wishes to use ADVENTISTGIVING.

You can help keep our costs low by encouraging your members to give directly from their checking accounts instead of using credit cards. More than 50 percent of all offerings in ADVENTISTGIVING are given from a checking account (using an electronic check). ADVENTISTGIVING's cost for each electronic check is 16 cents—less than the cost of a postage stamp. This significantly reduces our costs, which are shared by your local conference (70%), union (10%), the North American Division (10%), and the General Conference (10%).

Church Enrollment

To get started the church pastor and treasurer may complete the enrollment form and send it on to the conference treasury office. The ADVENTISTGIVING team will let you know when the enrollment form is received and provide the church treasurer information about the ADVENTISTGIVING treasurer's account.

Information is Secure

ADVENTISTGIVING and associated apps are written by denominationally employed IT Professionals of the North American Division IT Services Department, or by contractors supervised by NAD IT Services. ADVENTISTGIVING is entirely supported by NAD ITS.

ADVENTISTGIVING maintains the highest levels of security and is monitored regularly. We recognize the sacredness of the tithe dollar (Lev. 27:30), and we employ the strictest standards to protect both the tithe dollar given, as well as the donor. Security is paramount. The AdventistGiving platform has never been compromised, and donor's data has never been breached.
